Tonight, myself and the other Assistant Chiefs are distributing the 2022 Duty Crew gifts- Duffle bags. The Chief's Office thanks all the members that participated in the duty crew for 2022. There is a lot of time involved with this program ranging from scheduling, reviewing stats, maintaining the hours of each member that participates and submitting detailed reports. We are hoping to provide you with an excellent gift for this year as well.

Last Friday, December 15th, I disseminated the drill schedule for the first three months of 2024. Please note that we are due for CPR recertification next year, and that drill will be conducted on February 13th with a 6:30pm start time. As you all know, we are well over 400 calls for the year. After yesterday's storm calls and the pump out this morning we should be near 440 calls for the year depending on what else occurs. Thank you to all the members in this department for handling all the calls this year along with attending our weekly drills, work details, attending any additional training and continuing to answer calls for service while enrolled in a weekly duty crew assignment. On October 10th, the Past Chiefs approached myself and Car 2 about conducting a drill. I wanted to thank the Past Chiefs for their assistance with that specific drill and handling other duties throughout the year such as assisting with

apparatus movement and meeting vendors for us.

I would like to thank the Executive Board and members of the Fire Company for the past several years allowing me to serve as a Board of Director. I hope I have provided positive insight and appropriate guidance when necessary. With
